Compromise Rights Bill Heads Toward Final Action

PEIPING ASKS U. S. DOORS OPEN TO REDS

By JOHN RODERICK

Hong Kong (AP)—Plans to send American newsmen into Communist China appeared stalemated today by a Peiping demand for reciprocal U. S. admission of Red Chinese reporters. The State Department promptly rejected the Communist demand.

Radio Peiping announced last night that the State Department's decision to allow 24 U. S. reporters to work in Red China for six months "is completely unacceptable to the Chinese people."

The Chinese government "expects Chinese correspondents to be given reciprocal treatment to go to America to report," the broadcast commentary from the official Peiping People's Daily said.

Secretary of State Dulles' announcement in Washington Thursday permitting American newsmen in Communist China for the first time in eight years said the United States "will not accord reciprocal visas to Chinese bearing passports issued by the Chinese Communist regime."

The broadcast said the State Department is trying to "send people into our country to search out opportunities to create trouble... The wrecking activities of the U. S. government will come to nothing and will never be tolerated by the people of China."

Eleven of the 24 Americans were waiting here for answers to visa applications. The Peiping broadcast did not say specifically no visas would be issued until the State Department changed its stand, but that appeared to be its implication.

A full text of the Peiping commentary was read by what veteran radio monitors said was obviously a young American's voice.

FORMER MEADVILLE BOY

Palo Alto, Calif. (AP)—A 14-year-old former Meadville, Pa., boy collapsed and died of a brain hemorrhage yesterday in his family's hotel suite. He was Stroud Lapelle, son of Ronald Lapelle, Pacific branch manager of Westinghouse Electric Corp.'s industrial heating division. The family recently moved here from Meadville.

26 Killed on Highways Of State Over Weekend

By The Associated Press
Accidents claimed 28 lives in Pennsylvania over the weekend, 26 on the state's highways.

Two separate violent auto crashes—in opposite ends of the state—resulted in death for six persons, three in each accident. In a north eastern Pennsylvania a car plunged into an abandoned strip mine, killing two.

A kitchen blaze burned a Harrisburg woman and a teenage boy was crushed to death by a barge on the Monongahela river at Millsboro in the non-highway fatalities.

Three teen-agers were killed in a single auto accident near Indiana, Pa., late Friday night. A two-car collision in Tintinum Twp., a half mile west of International Airport just outside Philadelphia, also killed three persons, including a six-year-old girl.

Legislative Leaders Request Conference On Eviction Order

Harrisburg (AP)—Gov. Leader has been asked to meet Wednesday with Republican legislative leaders to discuss eviction orders given by the Welfare Department to employees residing in state-owned homes on the grounds of "mental institutions."

Sen. Rowland B. Mahany, Republican floor leader, wrote the letter to Leader during the weekend asking him to set up the conference.

The GOP leader said he wanted to discuss revocation of an order by welfare secretary Harry Shapiro which calls for vacation of such residences by most hospital personnel now occupying them.

Girard Denies Jap Charges That He Lured Woman Brass Scavenger to Death on Range

By KAY TATEISHI

Maebashi, Japan, (AP)—William S. Girard today denied Japanese charges that he lured a woman brass scavenger to her death on a U. S. firing range.

Japanese prosecutors entered a new accusation that the Army specialist from Ottawa, Ill., shot at four other Japanese before an empty cartridge case fired from his grenade launcher killed Mrs. Naka Sakai Jan. 30.

"The facts in the indictment are not correct," the 22-year-old GI told the three black-robed judges as his trial on a manslaughter charge opened in the Japanese District Court here.

In a brief statement Girard told the court Mrs. Sakai's death "was an accident as far as I'm concerned and I'm sorry it happened." The prosecution charged that he threw out empty shell casings to entice the scavengers onto the firing range, then shot at them.

Moving that the indictment be dismissed, the soldier's chief Japanese attorney Ituro Hayashi renewed the claim that Girard was carrying out his official duty and therefore is not subject to Japanese jurisdiction.

This argument originally had set off considerable congressional and press criticism in the United States of the Army's decision to let Japan try Girard. The U. S. Supreme Court finally upheld the Army action, ruling that a Japanese trial would not violate the soldier's constitutional rights.

Presiding Judge Yuzo Kawachi said he would not rule on the jurisdiction issue until all the evidence in the case is heard and "the final decision is given." This is expected to be in late October or November. Hayashi said this was agreeable to him.

In accordance with the Japanese custom of extended recesses between sessions, the trial was adjourned after today's hearing until Sept. 6. It will move then to the Somagahara firing range, where the fatal shooting occurred.

Open Air Meeting Sunday Will End Graham Crusade

New York (AP)—Billy Graham says that "every teen-ager in New York that went wrong that I've talked to says he was hungry for love."

The evangelist made the statement before a capacity audience of 19,200 at Madison Square Garden last night. He urged parents in the crowd to give their children love, understanding and the example of "a good, honest, clean life."

At Graham's call, 567 persons came forward to make "decisions for Christ."

There will be no meeting tonight, in line with Graham's schedule of taking Monday nights off for rest.

The evangelist's New York crusade, which opened May 15, will conclude next Sunday night with an open air meeting at Times Square.

NEW WAGE CONTRACT

Pittsburgh (AP)—A new union contract provides employees of the Pittsburgh and Duquesne Brewing Companies with \$9.20 a week in wage boosts over a two-year period. In addition, the pact gives workers an eighth paid holiday—to be taken on their birthdays.

Shapiro wrote one hospital superintendent fixing at five the number of employees whose duties to require them to live on the hospital grounds. That letter suggested eviction notices to 72 attendants living on the grounds. The letter said the arrangement was "too costly" for the state.

Mahany said that Shapiro issued the eviction order "to get even" with the Republican-controlled Legislature for cutting into the Welfare Department's budget requests.

Shapiro's office said he intends to make the vacated homes available to staff physicians, convert some to patients' quarters or abandon them in cases where upkeep does not justify the expense.

FOREIGN AID HIKE OF HALF BILLION SEEN

Washington (AP)—Senate Democratic Leader Lyndon B. Johnson said today he will support an increase of about a half billion dollars in new foreign aid appropriations.

The Texas Democrat made this announcement after an hour-long breakfast meeting with President Eisenhower. It was the first time they met privately with no others present.

Johnson said he told the President he was prepared to support "a substantial increase" over the 2½ billion dollars in new aid money voted by the House.

Eisenhower has voiced hope the Senate will vote the full \$9,367,000,000 provided in the authorization bill passed previously by both Houses. The President also has said he hopes senators will make the best deal they can in reaching agreement with the House on a final figure.

The authorization measure merely fixed spending ceilings for the aid program. Actual appropriations now are being considered by the Senate.

Eisenhower accompanied Johnson to the door of the White House's north portico after their steam breakfast. Newsmen thought they heard the President tell his guest: "Thanks a million."

Eisenhower's supporters were reported willing to compromise on a hike of about a half billion dollars.

Earlier, Republican leader Knowland of California said in an interview he expected the Senate appropriations committee to vote for a fund substantially higher than the House approved.

While Knowland declined to name any figure, some other Republicans said they would be lucky to boost the total to around three billion dollars.

Senator Smith Accuses Officer of Misstatements

Washington, (AP)—Sen. Margaret Chase Smith (R-Maine) says Lt. Gen. Emmett O'Donnell, Jr., gave false testimony in an effort to win Senate approval of a reserve general's star for movie actor James Stewart.

O'Donnell entered an immediate denial, but he told a reporter he would withhold further comment until he could study Sen. Smith's statement, inserted Saturday in the Congressional Record.

The Senate Armed Services Committee last week blocked Stewart's promotion from colonel to brigadier general in the Air Force Reserve, mainly as a result of objections by Mrs. Smith.

O'Donnell said he had only corrected a few minor errors when the committee sent him the printed record for correction.

Couple Arrested in West For Abandonment in Erie

Erie (AP)—A former Erie couple was en route from New Mexico today for questioning in the abandonment of two infants in a bus terminal locker.

Clair A. Pace, 33, and his wife, Mary, 43, waived extradition following their capture Friday in Farmington, N. M. Both denied knowledge of the infants whose decomposed bodies were found stuffed in the bus terminal locker Aug. 5.

Officers said the fact that Mrs. Pace was known to have been pregnant and that no one knew what happened to the child led to the arrest of the Paces. The couple reportedly hitchhiked to Aztec, N. M. about July 17.

Capt. Richard Helico of Erie said the couple told him that Mrs. Pace had had a miscarriage.

Political "Quarantine" For Syria

Newsman locates developments as U. S. Deputy Undersecretary of State Loy W. Henderson arrives Ankara for talks with Turkish Premier Adnan Menderes over situation posed by establishment of a leftist government in Soviet-armed Syria. Among possibilities under speculation in diplomatic circles: a further conference with King Feisal of Iraq and Hussein of Jordan, at present in Istanbul, only minutes by air from Ankara. Purpose: possible establishment of a political quarantine by Turkey, Iraq and Jordan (arrows, Newsmap) in wake of reports that Communist "volunteers" are arriving in Syria. Such a blockade would cut off all land approaches to Syria except through Israel. —NEA Telephoto Service.

DAMASCUS, Syria (AP)—President Shukri Kuwalty has returned from Egypt to add his voice to the growing anti-American campaign trumpeted by Syria's new leftist army command. Kuwalty, who flew to Cairo a week ago amid reports he was stepping down in the face of the leftist army takeover, declared on his return last night Syria would stand fast "despite pressures and plots of imperialism, the West and America." Looking drawn but tanned after his week of conferences and medical treatment, Kuwalty told newsmen here that Egypt also was determined to resist imperialist pressures. The situation in Egypt, he added, was "good and strong, the same as in Syria."

Tyronville Soldier Is Killed Instantly In Auto Crash On Titusville - Enterprise Road

A Tryonville soldier was suffocated early Sunday morning near East Titusville when he was thrown from his car which rolled over on its chest.

Cpl. Donald S. McElhenny, 22, of RD 1, Tryonville was returning home about 2:45 a. m. from Grand Valley where he had dropped off his date of the evening.

The young man only four years ago had escaped from a fire which leveled his home at Townville RD 1, taking the lives of his mother, four sisters and a brother.

A Warren group was first to arrive on the scene. Upon discovery of the accident, Mrs. Martha Cullenburg of 322 Union street and Margaret Cramer drove into Titusville to summon help while two companions jacked up the car to take the weight off the victim's head.

The accident occurred near Warren County line on the Enterprise Road about a quarter-mile from East Titusville. The mishap began on a bad curve just past the first bridge on the Enterprise Road.

Dr. C. M. Sonne, deputy county coroner, issued a verdict of accidental death.

Dr. Sonne said the car, a 1951 Ford two-door sedan, swerved into the left lane of the road as Cpl. McElhenny made the sharp turn. The left tire went onto the berm and the car skidded sideways and overturned. He apparently was thrown through the door, since the windshield was cracked but not broken out.

After he was thrown from the car it landed on him. The right front tire lay across his neck, with the frame of the car resting on his head and chest. He was lying on the berm on the left side of the highway, with the car headed south, toward East Titusville.

Dr. Sonne attributed death to a fractured neck and suffocation from the weight of the car on his chest which prevented him from breathing.

The corporal was pronounced dead on arrival at the Titusville Hospital by Dr. Sonne.

TWO DIE IN PLANE CRASH

Columbus, Ohio (AP)—Two western Pennsylvania men were killed and a nine-year-old boy injured yesterday in the crash of their light airplane near Columbus. Fatally injured were James W. Davis, 46, of Kittanning, the pilot, and Donald Carney Sr., 32, of Vandergrift. Carney's son, Donald Jr., was reported in fair condition in St. Anthony Hospital, Reynoldsburg, with a fractured right leg and left arm.

LEGISLATION WOULD GIVE FEDERAL JUDGES LIMITED POWERS ON DECIDING CASES

Washington, (AP)—The House Rules Committee today voted 10-2 to clear the long-blocked civil rights bill for House action. The committee vote overrode Chairman Howard W. Smith (D-Va.) and Rep. Colmer (D-Miss.) last-ditch opponents of the compromise measure, and paved the way for House action expected tomorrow.

Speedy House passage is expected for the measure which had been bottled up in the Rules Committee since Senate passage Aug. 7.

The meeting of the Rules Committee was forced by seven members because Chairman Smith had refused to call a session of the committee.

Under House rules, a majority of a committee can force a meeting when the chairman does not call one.

A proposed compromise bill was worked out last week by Democratic and Republican congressional leaders. It would give federal judges limited powers to punish for criminal contempt in voting rights cases tried without a jury.

Once a meeting is held, the Rules Committee is expected to write the compromise into the bill before sending it to the House for action, probably tomorrow.

Then the Senate will act. Southern senators apparently have no intention of staging a filibuster, but plan to voice again their objections to the legislation.

It was not certain how much time these speeches will require, but the leadership goal is adjournment of Congress by this weekend.

In its final form the bill is expected to contain:
1. Provision for a bipartisan civil rights investigating commission and for a special section of the Justice Department to handle civil rights matters.
2. New powers for the attorney general to seek U. S. court injunctions against violations or threatened violations of voting rights.
3. A special provision—that the heart of the final compromise—that a judge shall decide whether a person charged with criminal contempt for violating an injunction shall be tried by himself, or by a jury.

Mrs. Eisenhower underwent an operation Aug. 6, Hagerty said no date has been set for her to leave the hospital but that he would expect she would remain there all this week.

President Is Receiving Shot Of Flu Vaccine

Washington (AP)—President Eisenhower will receive a shot of Asiatic flu vaccine today. The White House said he has come in contact with at least two persons believed to have been stricken by the disease.

Inoculation was advised by Dr. Leroy E. Burney, U. S. surgeon general, who said persons with a history of heart or lung ailments are more likely than others to suffer side effects from the disease.

Eisenhower had a heart attack in September, 1955.

The supposed sufferers from Asiatic flu who have been in contact with the President are Dr. Gabriel Hauge, an economic adviser, and Thomas Craven Jr., a newsreel photographer.

White House press secretary James C. Hagerty said Hauge saw the President Wednesday, immediately after returning from a trip to Buenos Aires. On Thursday Hagerty was stricken with illness.

Craven, who became ill last Wednesday, had been in a group of photographers making pictures of the President in his office early last week.

County Youth Bound To His Wheelchair Seeks Position

NO SYMPATHY PLEASE—Stuart Tidrick of RD Chandlers Valley is not looking for sympathy, but rather for a job where he can put his clerical knowledge to work. The 21-year-old youth sustained a severed spinal column in an automobile accident four years ago and has made a long, uphill comeback since. Proof of his determination is evident as he sits on the porch of his grandmother Wilcox's home: Stuart, now a paraplegic, has wheeled himself the entire mile from his home to the Wilcox's in his chair.

On September 17, 1953 there was a squeal of tires, a roaring crash—then silence. Stuart Tidrick of Chandlers Valley has not walked an unassisted step since. He probably never will.

The 6-foot, 1-inch son of Mr. and Mrs. Floyd Tidrick, Chandlers Valley, was behind the wheel of his own car that day back in 1953 when as a youth of 17 he headed for Sugar Grove on Route 69.

Today, a mature 21, Stuart is seeking work—not as the healthy specimen he could have been, but rather as a paraplegic—bound by infirmity to his wheelchair most of the time.

But thanks to the little known Pennsylvania Board of Vocational Education, Bureau of Rehabilitation, Stuart Tidrick in his attempt to reenter society in a healthy way, is well trained in commercial bookkeeping, accounting, typing, general clerical work.

The flicker of life was first kept alive five weeks at a Jamestown Hospital where it was determined Stuart had a severed spinal cord. His first hospital Christmas was in

MINE RESCUE—Anxious rescue workers bend over 16-year-old Bonar Scholes who was hoisted to safety five hours after he and companion Ronald Blakemore, 15, fell down a gold mine shaft in Timmins, Ontario. Young Blakemore's body was found by miners 12 hours after the accident.

Lily Pond Scene Of Two Weekend Traffic Mishaps

Two accidents at Lily Pond and a hit and run charge typified the weekend accident picture.

Most spectacular mishap occurred at 1 a. m. of Sunday when Theodore Jones, 28, of RD 1, Clarendon caught the zig but missed the zag where Route 6 veers at the Lily Pond. His machine hurtled through guard rails and wound up at White Way Drive in entrance with approximately \$600 worth of dents. Jones and passengers were reported badly shaken up.

Other accident at Lily Pond had occurred 18 hours earlier when Man Cameron, 22, of Winnipeg, Manitoba, Canada, also heading west on Route 6 missed the first veer at 7:20 a. m. Saturday. Damage was estimated at \$500.

Most seriously injured over the weekend was Charles Covell, 38, of 120 North South street. He was heading west on Route 59 about a mile west of Warren at 11:30 Saturday night when his sedan failed to negotiate a curve and piled into a pole. Damage to the car was estimated at \$1,000. Covell sustained a broken hip and was taken first to Warren General Hospital, then transferred to Erie. A hit and run charge was leveled Saturday afternoon when Stuart

Washburn, 32, of 420 Chestnut street, left his parking place in front of 221 Hickory, swerved too wide in gaining the street, and sideswiped the rear of a Thunderbird going north on Hickory street, puncturing the gas tank of the T-bird.

Driver of the damaged machine, Donald W. Koebley, 21, of 113 Bidie street, gave chase to Washburn down Hickory to Pennsylvania west on Pennsylvania to Poplar, up Poplar to Fourth and east on Fourth to near Union street where Washburn pulled over.

Washburn is free on \$1,000 property bond awaiting court action.

One pedestrian also sustained some injuries Friday when he backed onto Pennsylvania Avenue with his wheelbarrow. Mike Morgach, 44, of Youngsville, told police he was coming east on Pennsylvania Avenue about 7:50 p. m. Friday when Carl Peoples, 21, of Waterford, backed into his path. Peoples was taken to the hospital with a bruised left elbow and possible back injuries.

IN APPRECIATION

I wish to sincerely thank the Warren Fire Department and the Star Brick Vol. Fire Dept. for their prompt response and assistance in eliminating the danger of explosion of the gasoline in the car fire Friday night at the F. N. Tower. I also wish to thank the Warren Police Force for caring for the traffic and avoiding any accidents.

Red Paper Urges Speed Up in Siberian Harvest

Moscow (AP)—Pravda has called on farmers in Siberia to speed up the grain harvest.

The Communist party newspaper said yesterday only 8 to 16 per cent of the crops were in by Aug. 20 in some areas. It blamed late ripening of the crops and poor use of machinery.

Grain harvests Aug. 20 were 12,355,000 acres ahead of last year outside of Siberia, the paper reported.

Increased agricultural production is being pushed by Communist party boss Nikita Khrushchev.

Lowens Boom on Himself But Escapes by Inches

Miami, Fla. (AP)—A Hialeah man was charged with suspicion of malicious destruction of private property yesterday after he almost lowered the boom on himself.

Sgt. Stanley Hartles of the Dade County road patrol was told Strill Chadwick, 44, climbed into the cab of a crane, pulled the wrong lever and brought the boom crashing down on the cab roof.

It missed Chadwick by inches. The man also was charged with drunkenness and vagrancy.

BOUQUET FOR DAN WALTON

This is an excellent place and appropriate time for us to add our contribution to the nice things that will be said about Dan K. Walton, for ten years executive secretary of the Warren Young Men's Christian Association, when his associates in the organization, including the board and staff members, gather at the Jackson Heights Restaurant this evening for a testimonial dinner in his honor.

With his congenial personality, rare gift of humor and faculty for organizing, Dan numbers his friends by his acquaintances.

Combining these qualities along with his indefatigable and indomitable perseverance Mr. Walton has maintained the standard of the Warren YMCA where it is considered second to none in any town of comparative size in the state. He has a wonderful quality of leadership that has been considerable of an asset to the community since his coming to Warren. Clubs, schools and churches have benefitted by his Christian attitude, and untiring efforts to be of service when called up.

We're going to miss Dan Walton when he leaves the "Y", and join with others in wishing him success, happiness and satisfaction in whatever line of endeavor he may choose to follow.

Matter Of Fact:

What Does Harlem Think?

By STEWART ALSOP

New York—This enormous Negro city—within-a-city is now in the process of making up its collective mind on the following question: Which party, Republican or Democratic, deserves most credit or blame for its role in the civil rights fight?

This reporter, accompanied by the experienced political analyst Louis Harris, has spent many footsore hours ringing doorbells here, trying to find out what Harlem thinks. It has been a fascinating experience, the more so because the way Harlem, and the many smaller Harlems in the key Northern states make up their minds, may determine the political balance of power for years to come.

All Harlem, like all Gaul, is divided into three parts. At the top, there is the small aristocracy of the prosperous and well-educated, who live in places like the comfortable, private Tiverton apartments. These people constitute an impressively articulate and knowledgeable community. At the bottom are the dwellers in Harlem's rat-infested, festering slum tenements. And in the middle are the occupants of the government-subsidized housing projects, like the modest but decent Lincoln apartments.

Harlem's way of making up its mind works on the Tinker-to-Evers-to-Chance double-play principle—Tiverton-to-Lincoln-to-tenements. People like the occupants of the Tiverton are, by the large, the opinion-formers, and their political views seep down through the Harlem hierarchy. Harris and this reporter sampled opinions in all three groups, but the Tiverton group provided the most interesting interviewing. The people in the Tiverton are having a difficult time making up their minds.

When we asked them the question cited in the first paragraph, they would pause thoughtfully, and say "That's a very hard question to answer." The reason it is a hard question to answer was suggested by their answer to another question—In the last fifty years, who had done most for the Negro people? Almost without exception, the answer was "Franklin D. Roosevelt," and when they pronounced the beloved name, their faces lit up.

The people in the Tiverton, in short, are New Deal Democrats, and by a margin of at least four or five to one. It is thus very hard indeed for them to give credit to the Republicans, on the civil rights issue. Yet an increasing number of them are doing so.

An increasing number, moreover, are giving credit specifically to Vice President Richard M. Nixon. The new popularity of Nixon among the Harlemites was, indeed, the phenomenon which most impressed both Harris and this reporter. And this is related to another phenomenon.

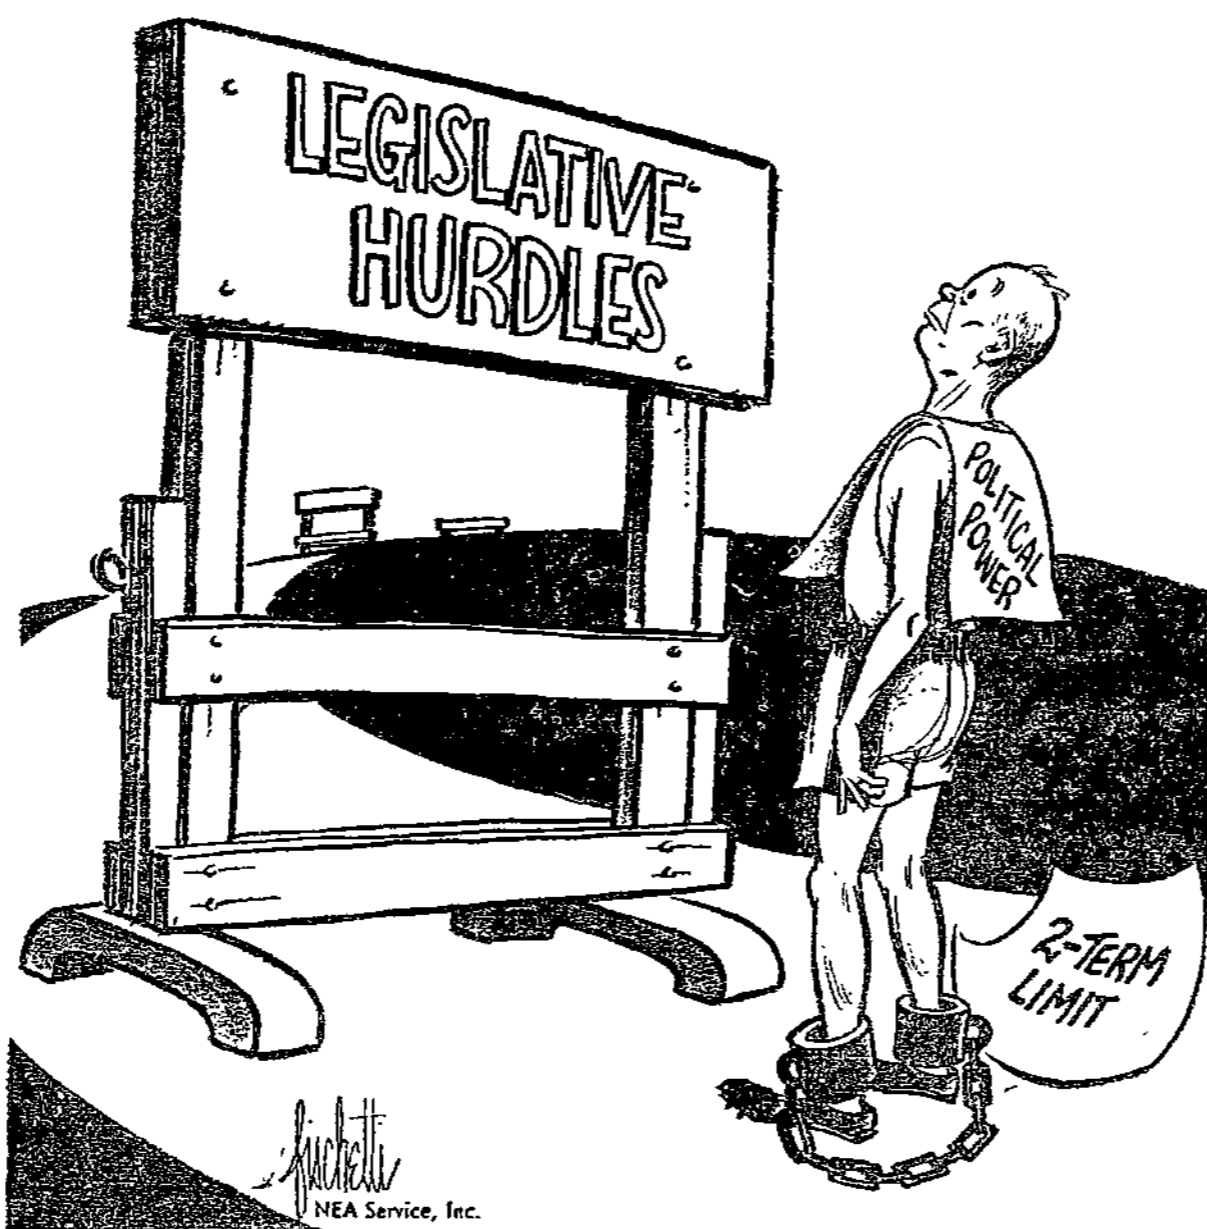

Of all the people we talked to, in all our weary hours of door-bell pushing, there was exactly one who had the slightest interest in, or understanding of, the disputed jury trial amendment, about which so many millions of words have been written. This ignorance of the legislative details of the civil rights battle was as true in the Tiverton as in the tenements.

Thus Minority Leader William Knowland got virtually no credit at all for his stubborn fight for a strong civil rights bill. By the same token, Sen. Jack Kennedy got no blame for his vote for the jury trial amendment—no one was aware of it. And yet, somehow, the image of Nixon as a staunch fighter for civil rights has emerged very clearly.

There is not much mystery about that "somehow," either. People remembered the pictures of Nixon with the Reverend Martin Luther King, leader of the Montgomery bus strike, and with Kwame Nkrumah, Prime Minister of the newly independent state of Ghana. In terms of political salesmanship, those pictures were worth more to Nixon than reams of close-typed pages of brilliant and impassioned oratory in the Congressional Record.

Civil rights is not the only issue which will determine how Harlem makes up its mind. Especially in the tenements, there are many people who hardly bother their heads about civil rights, and who was passionate instead about such matters as housing, rents, and above all, rising prices. If there is much more inflation, or even a mild de-

Here and There

The Times-Mirror is grateful to W. Stuart Helm, speaker of the Pennsylvania House of Representatives, for official words of praise, which come in the form of an engraved certificate signed by Mr. Helm, which says: "In recognition and appreciation, this certificate is affectionately conferred on the Warren Times-Mirror for devotion to the truth, for diligence in the searching out thereof, for finding of the middle ground above the hue and cry of partisanship, for a part in the preservation of the Republic by helping the people to know, for giving new meaning, during the 1957 sitting of the Pennsylvania House of Representatives, to the best traditions of a noble profession, for being, above all, 'Gentlemen' of the Press."

The lowly skunk cabbage is among several plants common throughout Pennsylvania that are being used by a Pennsylvania State University chemist in a research project sponsored by the American Cancer Society. Dr. Maurice Shamma, assistant profes-

or of chemistry has received a \$3,200 grant from the Society to support his study of the structure and physiological activity of compounds obtained from a number of plants. In addition to skunk cabbage, he plans to study horse gentian, anise root, and New Jersey tea, all found in fairly large quantities in Pennsylvania. He also will work with grandiflora cactus, obtained from the West, and with several varieties of plants imported from Brazil. Dr. Shamma has selected these plants because they have not been analyzed before and he believes they may contain alkaloids which have a wide range of interesting physiological activity. In addition, he will look for sapogenins, pre-cursors of steroids, of which cortisone is an example. Dr. Shamma plans to isolate these compounds and analyze them thoroughly with the hope that his findings can contribute to an increase in knowledge concerning the growth process.

Under the caption "The Wonderful Apple", the New York

Times prints this timely and interesting editorial:

The apple is a wonderful fruit and despite the drought this summer the apple trees in some areas of this part of the country at least have borne prodigiously. The early spring had much to do with it, and the trees that were covered with bloom in May are now bowed with fruit. And most of the rural folk are doing the things that should be done with apples. They are baking pies and making jelly and canning apple sauce and here and there someone still knows how to make apple butter. And those who like early apples are eating them by the peck, just as they come from the trees. Those who prefer them cooked are having them baked, and surely there are some who remember how to fry apples, with bacon.

Just why apple jelly never had the popularity of currant or grape jelly is one of those mysteries, unless one admits that there are too many apples for their own good. Properly made, apple jelly is a compliment to any table and a garnish to any meal. It has its own flavors, distinctive to each variety, and it has its colorful beauty, from light amber to warm red, depending on the apples. And it has excellent keeping qualities, as the cooks say. The only thing you can say against it is that it can be made by anyone and that its quality is limited only by the apple picker's energy.

Anyway, apples are ripening and apple dainties are being made wherever there are apples. And boys and woodchucks and deer are delighted with the crop. So are some adults, those who like anything tasty no matter how plentiful it may be.

MRS. ROBERT G. RIEDER

St. Joseph's Catholic church is the scene of a noontime wedding August 17, when Rita Joannicia, daughter of Mr. and Mrs. Joseph A. Lucia, 1021 Spring reef, became the bride of Robert Rieder, son of Mr. and Mrs. itz Rieder, 837 Pleasant Drive. Father Alfred Bauer officiated and Mrs. Donald Edinger provided appropriate organ selections, while an Eggleston sang "Ave Maria" and "Mother, At Thy Feet." Given in marriage by her father, the bride selected an Alfred ngelo original of white chantilly lace, fashioned with sweetheart neckline, short sleeves complemented by matching mitts, and tiers of lace at the back to form a chapel train. With it she wore an imported lace mantilla and carried a white lace-covered prayer book topped by a white orchid. Her jewelry was a diamond-set gold lavalere, worn by her mother and maternal grandmother on their wedding days; also gold and diamond ear-rings, the bridegroom's gift.

Durella Graziano was maid of honor and Regina Coppola, the

bride's cousin, bridesmaid, dressed identically in light blue waltz length antique taffeta with darker blue inserts in the full skirts and around the neck and sleeves. A dark blue bow and long streamers hung down the back to the waist. Dark blue headpieces and shoes completed their outfits and they carried parasols of pink roses, white daisies and ivy.

Richard Bertch was best man; William Rieder, the bridegroom's brother, and Richard Suppa were ushers.

The bride's mother chose pink nylon and lace with deeper pink accessories and the bridegroom's mother selected pink lace with white accessories, each with a white orchid corsage. Mrs. Charles McKenna, maternal grandmother, and Mrs. Carrie Lucia, paternal grandmother of the bride, were remembered with a white rose corsage.

A reception for 200 followed in the Knights of Columbus Hall, with out of town guests from Kane, Bradford, Erie, Emporium, Westleyville and Cleveland, Ohio.

The newlyweds will be at home after August 25 at 122 Central avenue, following a wedding trip to Canada and the Great Lakes. For traveling, the bride chose light blue embroidered organza, white accessories and the white orchid from her prayer book.

A 1955 graduate of Warren High School, she is employed in the office at Warren Water Company. The bridegroom, 1954 graduate of Warren High, is employed by Burr Garver, Youngsville surveyor.

Pre-nuptial affairs were given by Mrs. Everett Yaegle. Mrs. Mark Mickelson, Regina Coppola, Durella Graziano, Mrs. Alfred Book, Mrs. Raymond Slate and Mrs. Raymond Fitzgerald.

Tackle New Things to Avoid Middle-Aged Doldrums

"WHAT have you been doing with yourself, lately?"

When your friends put that question to you, do you always answer, "Same old routine" or "Nothing very exciting?" They're the only answer a lot of women—especially middle-aged women—have for such a question.

But not Sue. Any time you run into Sue and ask her what she has been up to lately you get an enthusiastic answer.

Last winter she was enrolled in a university class designed to increase reading speed. Sue was all excited over that.

"As much as I love to read," she explained, "I figured I might as well learn how to read as rapidly as possible."

This summer Sue is taking swimming lessons. She has been swimming for years, but not with an easy, strong, powerful stroke. Now she is learning to swim all over again.

ALWAYS LEARNING

NO telling what Sue will be learning this fall. But something, for sure.

The fact that she is always eager to learn something new makes Sue seem younger and more enthusiastic than most women her age.

The fact that she isn't afraid to do things on her own gives her personality a strength that is lacking in the woman who never dares to do anything alone.

Sue's answer to avoiding the middle-age doldrums is one any woman could follow.

All it takes is the desire to keep learning and the determination not to fall into a dull routine.

pression, the gains the Republicans have made among Northern Negro voters could vanish like the mist at sunrise.

Yet those gains are unquestionably real today. Harlem, which has voted overwhelmingly Democratic for a quarter of a century, will not vote overwhelmingly Republican tomorrow. But the Republicans have for the first time a real chance to reduce the Democratic majority among Northern Negro voters close to the 50-50 mark. If they do, it will mean a major shift in the whole national political balance of power. And as of today, the major beneficiary of such a shift will unquestionably be Richard M. Nixon.

TO BE COUNTED

Sealed ballots will be opened today and tomorrow in Warren County as teachers express their opinion on whether they desire Federal Social Security coverage. If a majority of the voters agree to the coverage, the Social Security plan will be integrated in their regular retirement plans. Some 25 votes are ready to be counted in the Warren jointure and other school board secretaries throughout the county possess other ballots. If it passes, as expected, only those who voted for it, will be covered by social security. Others remain on State Employees Retirement Fund.

PLAYGROUND REPORT

Warren playgrounds closed Friday with a total attendance for the year at 75,170. This attendance came with 2,714 youngsters registered at the areas. Lacy led with registration, but Memorial led with attendance with 15,149. Equipment will remain on playgrounds until after school starts September 4. Attendance figures for the week were 7,293 marking a new high for a summer season. Further details of last week's competition will be printed later.

BANKER DIES

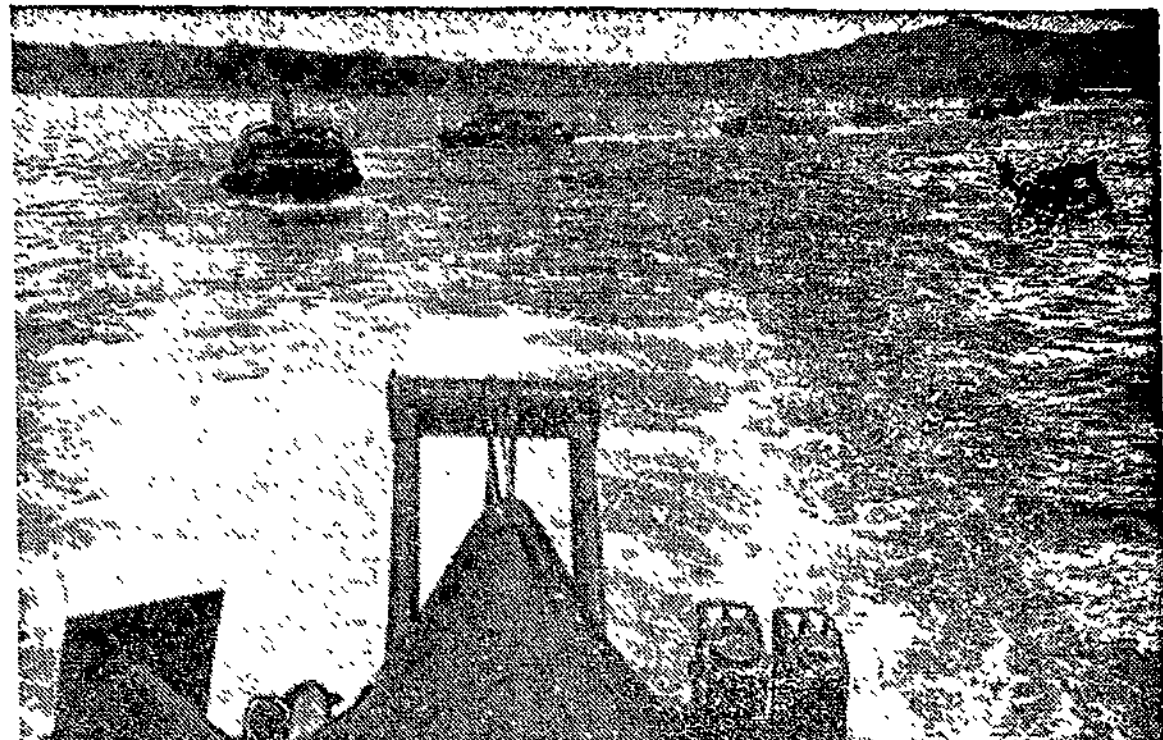

New Castle (AP)—Joseph J. Green, 55, of New Castle, president of the People's Bank of Lawrence county, died of a heart attack yesterday. Funeral services will be held tomorrow.

FOR GETTING THERE—The 11 members of the Drummond family, of Wantagh, N. Y., are no longer faced with a problem when they want to go places. They've got a brand-new, 12-seat station wagon, imported from Europe, top photo. Now all of them ride in comfort, including Tippy, the family pet, and there's even room for one more person.

FEP TALK—Little Larry Dale Theerman knew what he was doing when he had this heart-to-heart talk with his registered Corriedale ram in Warrenton, Mo. The animal was about to enter the show ring at a local fair, and their talk did some good because the ram won the coveted blue ribbon.

PULLING OUT—As they leave Japan, some U.S. Marine dual utility cargo water-borne carriers (DUKWs) head for the U.S. Navy Landing Ship Tank USS Teuben County, near Nuzumu. The vehicles were part of the Amphibian Truck Platoon of the 3rd Marine Division.

PICTURE NEWS

AROUND THE WORLD

OPENING SOON—Pretty Sue Anne Langdon has given up her well-filled bathing suit for a policewoman's uniform. She'll wear it in "Copper and Brass," a new musical comedy to co-star Joan Blondell and Nancy Walker when it hits Broadway.

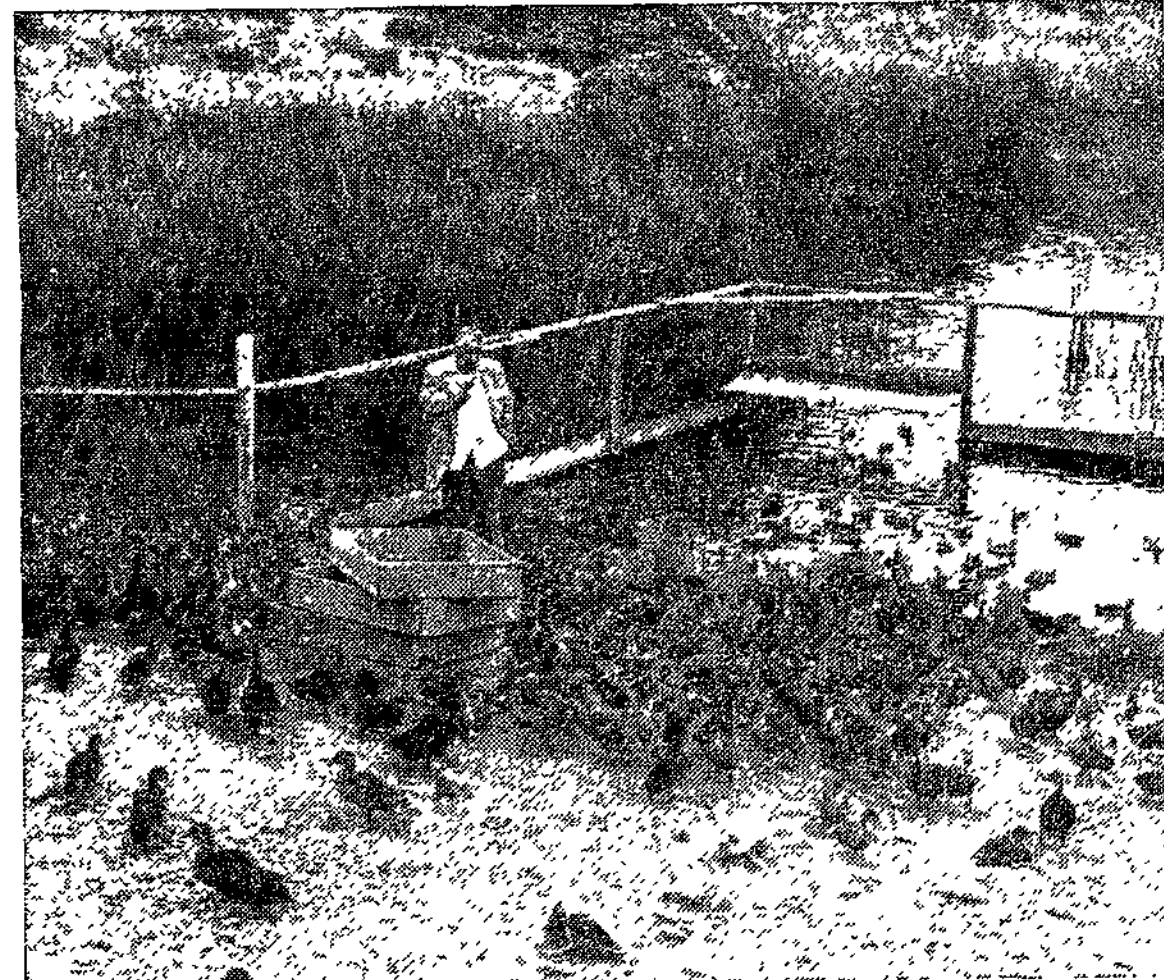

HAND MADE—William and Henry Grunder, two brothers in Belleville, Wis., have every reason for being pleased with their bumper crop of oats and barley. It's been a good year and the grain, all brought in by hand, will be gathered in wagons and threshed.

FATTENING HIM UP—It's a safe bet that this sturdy lad is weighing in a few pounds heavier than on his last visit to the maternal and child welfare center in Asamankese, Ghana. The scale, and many other items, were contributed to the center by UNICEF. The Ghana government is making considerable effort to better its rural health services for children.

GALA EVENTS — A ball gown of black tulle has a flattering black velvet bodice in this design by Philip Hulitar of New York. The sheath skirt of black tulle has a draped panel which is topped by a decorative rhinestone ornament at the waist.

HUNTER'S HEAVEN—In Olema, Calif., sportsman Douglas Hertz, 74, has set up a local paradise for those who like to hunt ducks. The birds are trained for a daily flight to their feeding pens, and they must cross the range commanded by the hunter's stations. A man can shoot at the ducks as they fly, but they're safe when they reach this pond.

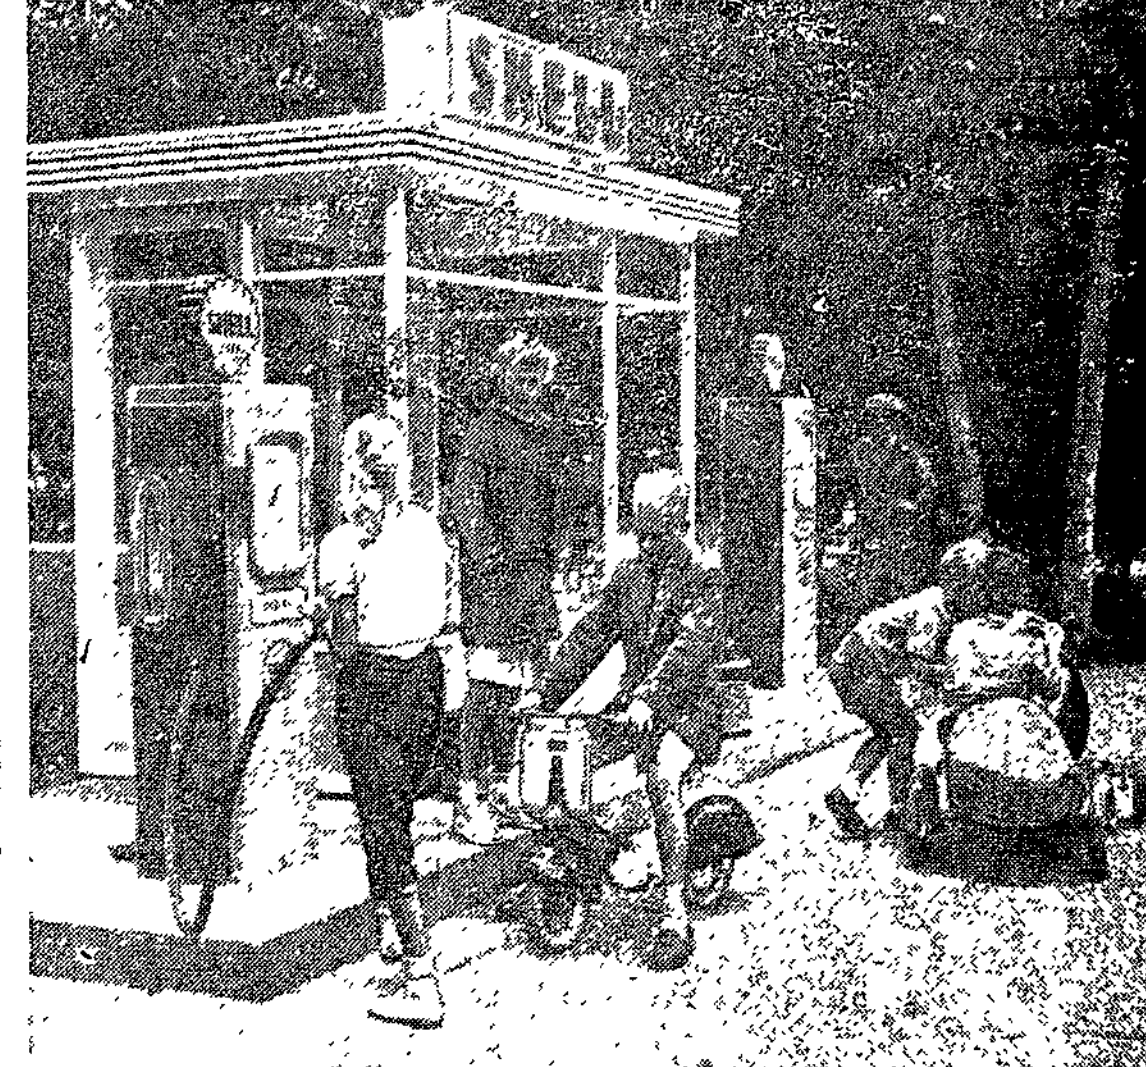

DOUBLE DUTY—Mrs. Walter Mueller, of Independence, Mo., finds she can do two things very well at one time. As she paints a picture in a local park, she also keeps a wary eye on her two young sons who are romping beside a nearby creek.

RIGHT IN STYLE—Large families are coming back in vogue, and these pups in Washington, D. C., made up a litter of 14 all by themselves. That's a lot of dog for any family, and their poor mother had to feed them in shifts.

BULKY KNIT — Italian influence is reflected in this new sweater for fall and winter. The attractive cardigan features a bold-striped hand-knitted cable in front, where it is closed with four low-set buttons. Of 100 per cent zephyr wool, it is made of red or beige trimmed with black.

FOR THE KIDS—A modern roadside service station in Assen, Holland, is part of a unique road safety training program for youngsters. It features a traffic playground with engine-driven cars and scooters. The vehicles here may be small, as are the drivers, but they're taking advantage of the world's cheapest and most economical fuel for educational purposes.

White Sox Win Two As The Yanks Drop Single Game to Detroit to Tighten the Race

By ED WILKS
The Associated Press

Those Chicago White Sox die so hard, who knows? They might just manage to stay alive.

You can smile, pal, but don't laugh. After sweeping a pair from Baltimore 6-2 and 3-0, while New York lost a single game at Detroit 7-2 yesterday, the White Sox are only four games behind the Yankees in the American League chase.

Another Yankee loss at Detroit today, while the Sox are idle, and a Chicago sweep in a three-game series with New York opening at Comiskey Park tomorrow night would bring the Sox within three percentage points of the top.

All of which could upset the pre-season dope, making it an all-the-way race in the AL while Milwaukee runs away with it in the National. The Braves grabbed a 7½-game lead again by defeating Philadelphia 7-3 as Brooklyn knocked off second-place St. Louis 6-5.

The New York Giants, pressing for the first division, clobbered Cincinnati 10-1. Chicago's Cubs, blanked 3-0 on four hits by Vern Law, bounced back with 16 hits in the nightcap at Pittsburgh for an 8-2 decision.

In the other AL games, Kansas City defeated Boston 3-2 and Cleveland swept Washington 3-2 and 6-4.

Bob (No-Hit) Keegan helped get the sweep over the Orioles, throwing a three-hitter in the opener as a follow-up to Tuesday's no-hit job on Washington. The 35-year-old right-hander, now 9-6, walked none and retired the first 10 before Bob Boyd's triple and an infield out scored one in the fourth. Al Puliards homered in the fifth, but the Birds didn't get another hit until Billy Gardner singled in the seventh.

The Sox, scoring two first-inning

runs without a hit and pocketing a pair of unearned runs in the second inning of the opener, were blanked on two hits by Bill Wight until the nightcap sixth. Then Sherm Lollar's two-run single and a wild pitch nailed it. Billy Fischer won his fifth.

Al Kaline had half Detroit's hits, including his 15th and 16th homers, both two-run shots. Bob Turley lost it while Billy Hoelt, who won 20 last season, gained a 6-8 record with an eight-hitter.

Yankee Mickey Mantle was 2-for-3, pushing within two points of Boston's Ted Williams, who was hitless as his bat average skidded to .378.

Law Shuts Out The Cubs For His Tenth Victory of Season

Pittsburgh (AP) — Pitcher Vernon Law, enjoying his best season since coming to the Pittsburgh Pirates, will have a strong point to argue in negotiating for a 1958 contract.

He equaled his previous season high of 10 victories by defeating the Chicago Cubs 3-0 on four hits in the first game of yesterday's doubleheader. The Pirates used six hurlers in dropping the nightcap 8-2.

Homers by Bob Skinner and Frank Thomas prevented the Bucs from being whitewashed in the second game by Don Elston and Turk Lown.

The shutout was the third of the year for Law who now has a 10-7 record, best posted by a Pirate regular.

Dale Long made the Pirates a bit sorry they traded him in the spring by collecting six hits in nine trips.

Feud Involving Middleweight Battle Is Before Commission

By ED CORRIGAN
The Associated Press

The New York State Athletic Commission took on the unenviable role of arbitrator in a feud involving middleweight champion Sugar Ray Robinson, challenger Carmen Basilio and a couple of closed circuit TV companies today.

Robinson is supposed to meet Basilio for the title on Sept. 23, but he has announced he's pulling out of the bout if the closed circuit theater TV conditions don't suit him. Right now, they don't.

The promoting International Boxing Club signed with Theater Network Television to handle the bout. Robinson claims his contract stipulated that he must agree to the sponsor. He wants another outfit, Teleprompter, to handle it. Teleprompter can bring in more money, he says.

Two contenders for Robinson's title—Joey Giambra and Rory Calhoun—meet in San Francisco's Cow Palace tonight.

Tonight's feature at New York's St. Nicholas Arena will send a couple of undefeated, but raw, middleweights against each other. Gene "Ace" Armstrong of Elizabeth, N. J., shows nine decisions in nine trips to the post as a pro.

His rival, Rudy Sawyer, of New York, is reputed to be more of a puncher. He has fought 10 times, won nine—five by kayos—and held to one draw. DuMont will televise the bout to some sections of the country.

Ralph Dupas of New Orleans tackles Johnny Bussio of New York in Friday's TV feature at Miami Beach, Fla. Dupas is a rough-and-tumble operator who hasn't been beaten in his last seven fights. Bussio, who whipped

Larry Boardman in his last fight, shows an impressive 30-4-1 lifetime record.

In Wednesday's TV feature—this one in Boston—New England featherweight champion Harold Gones of Providence will be the choice over Isidro Martinez. Gones has an unbeaten streak of 12.

Relative of Clarendon Family Wins in Pee Wee

Youngsters from Shenango Valley Country Club in Sharon topped one of eight Championships in the Pee Wee Golf finals last week at Henry Stambaugh course, Youngstown, O.

The only Sharo entry winning a championship was Mary Ann Kerins, daughter of Mr. and Mrs. Jack Kerins, who took first place in the 6 to 9-year-old girls' group.

Mary Ann, whose maternal grandparents, Mr. and Mrs. John M. Hickey, live in Clarendon and whose mother is the former Mary Louise Hickey, is well-known locally through her many visits to her grandparents. She is seven years old and has previously been runner-up in this same tournament.

Last year, Mary Ann, with two other Pee Wee golfers, were guests of CBS-TV in New York and appeared on Will Rogers' "Good Morning" program on a coast to coast network. Her aunt, JoAnn Hickey, of Clarendon, accompanied her on the trip.

Mr. and Mrs. Jack Kerins, are the pro-owners of Tam O'Shanter Golf Course, West Middlesex, Pa.

Hoot Song Is Big Favorite to Win The Hambletonian

DuQuoin, Ill., (AP) — Hoot Song looms as the popular choice for tomorrow's betless Hambletonian, the Kentucky Derby of harness racing.

The big trotting stake for 3-year-olds, held for the first time on the exceptionally fast baked clay mile oval at the DuQuoin State Fairgrounds has drawn a field of 21.

The track, given good weather, is conducive to a record. Some observers feel the field doesn't have enough class even with perfect conditions.

For the first time since 1940 there will be no pari-mutual wagering. It is unlawful at state fairgrounds in Illinois. But the railbirds are active and there are unofficial odds floating around.

Hoot Song, sired by Hoot Mon, whose two-minute heat in 1947 at the Hambletonian's former Goshen, N. Y., home stands as the record, is rated an even choice. So are Hickory Smoke and Buckeye Demon.

Jamestown Jinx Continues to Plague Ludlow Wildcat Nine

The "Jamestown Jinx" which has plagued Ludlow Wildcat baseball teams for 20 years, continued to hold firm Saturday when Starlite Cafe Bombers dropped them 2-5. Wildcats have not won a game in Jamestown in two decades.

Lefty Dick Ringer was touched or an even dozen blows by the Wildcats, but seven of these came in the last three innings when the Bombers were swinging along on the springs of a 3-2 lead. Ludlow's portender struck out eight batters and walked four, issuing two of the passes in the last inning.

Right-hander Fred Gray, starting for Ludlow, was plagued with control trouble and was found out or five hits with a 4-run Bomber in the fifth. He was succeeded by southpaw Gene Holder with one out. Holder finished the frame and, in the sixth, Larry Wilson took over for the remainder of the distance.

Wilson, hulking right hand, speed merchant, who started at first base and relieved later as Ludlow's third pitcher, sapped the strength of a Bomber rally in the first inning with an unassisted double play.

With Bobby Fredo on second as result of a single and theft of second, and Donie Nagle on by hard baseman's Johnny Castigino's error, Wilson reached out and grabbed Rog. Dubois' foul line drive off first, with one foot planted on the bag to retire Nagle and complete the twin killing before Vogle, away fast on the hit and

Elks End Season With 9-7 Victory Over Kinzua Team

Warren Elks won their final game of the season Saturday by defeating Kinzua 9-7 at State Hospital.

Elks scored 4 runs in third inning on single by Graziano, walk to Creola and Moniak's homer. Reese singled and Campbell tripled. Elks received 5 in the fourth with Graziano's triple, Creola's single and Moniak's second homer. A walk, error and Mancuso's single gave Elks a 9 to 0 lead.

Kinzua scored 1 in sixth on a walk, error and D. Mohny's single, added 3 runs in seventh on Flatt's single, S. Burch's single, while a pair of doubles by B. Brown and Peterson brought the score to 9 to 4.

Warren Elks' seasonal record now stands at 13 wins and 7 losses. They have defeated Kinzua, which is tied for Chautauqua County League, also beat twice Art Metal, Jamestown City League Champs; and edged by Ludlow Wildcats twice.

Speaking of Sports ...

Corry Beaver Club is sponsoring a "Hole in One Tournament" on Labor Day weekend, August 30-31, September 1-2 and also the following weekend, Sept. 6, 7, 8. This tournament will be located approximately 1 1/2 miles west of Corry on Route 6. The site is located next to the Corry Instrument Company. There the club has built a large green approximately 20 feet in diameter and 100 yards from the Tee. The tournament will be: Friday evenings from 5 p. m. until dark; Saturdays, Sundays, and Monday, it will be an all day affair. Prize list is \$500 cash for a hole in one; \$100 Savings Bond closest to hole for men; \$100 Savings Bond closest to hole for women plus daily prizes. As you know, the Corry Beaver Club is a "Booster Organization" to better sports in Corry. They are endeavoring to raise money to help with their sports program.

Bradford Era: Thirty-one candidates, including 10 lettermen, were vying for varsity spots with the Bradford High School varsity as the first week of pre-season drills came to a close. Coach Francis (Rock) Denning had the boys working on defensive scrimmage during most of yesterday's morning and afternoon drills. Lettermen back include Mike Pascarella, Tim Sturm, Mark Kline, backs; Ed Gallup, quarterback; Tom McDowell and Dick Pegerson, tackles; Mike Cassidy, Frank Fair and Gene Froebel, guards, and Cavalero, center. Others working out for varsity spots include, Pete Taylor, Wayne McDonald, Dennis Lichtenberger, Bob Zeigler, Carl Bartlett and Dick Crane, ends; Fred Sica, George Johnson, Don Black, tackles; Gary Blauser, Jim Sundahl, Jerry Healy, guards; Paul Bates, quarterbacks; Bob Costanzo, Carl Spehar, Gary Sherman, Andy Roeder, Chauncey Smith, Tom Keating, backs; Dick DeSantis and Gary Shoemaker, centers.

Dick Krapfel, second place winner in the Kinzua Tournament, yesterday, fired one of the most unusual rounds shot this year. He had nine straight 4's his second round for a 36. Dick, who had a rough session with his lawn the day before, said he felt like he was using a hoe for his fairway shots and a rake around the green the first round, when he shot a 42, making him 78 for the day.

Scores soared for most participants at Kinzua as Les Sheldon had placed his cups in some of the most difficult places this year. The entire course was in excellent condition, however, and some who never played there before said his fairways were in better shape than any other course in the area.

Jim McCool's scorching 290-yard drive on No. 6, copping driving honors at Kinzua, was still a good 30 yards short of one he pummeled there the day before just short of the green.

Jamestown Sun: Area fishermen's luck was "in" Sunday. Dick TenHagen of Clymer boated a 41-inch, 18-pound muskie while trolling Chautauqua Lake waters off Prendergast Point Sunday morning. Paul Young of Bessemer, Pa., caught a 51-inch, 33-pound "lunge" while trolling in Bemus Point Bay Sunday morning to lead the August competition in the Collins Sports Shop contest. Mrs. "Pat" Strong of Shermans Bay, while fishing with her husband, Ken, in Lake Erie, landed a 30-inch 7 1/2-pound yellow pike. They caught 26 pike, the total weight tipping the Toledos at nearly 70 pounds.

Howie Ostrander, veteran catcher for the pennant-winning Art Metal nine of the Muny AA Baseball League, is a patient in Jamestown's WCA Hospital by virtue of one of those freak accidents to be found only in the battered circles of baseball. The rangy, 180-pound backstop, who is both a versatile receiver and a powerful long-ball hitter for the Metalites, broke his left leg, Saturday afternoon, during pre-game warmups before the Marlin-Rockwell Rollers vs. Art Metal exhibition at the Stockton Town Picnic. Howie, hitting lunges to the outfielders, twisted his body in hitting the ball and his spikes caught with the end result a broken leg.

Shooting of Hawks Is Restricted By Amended Game Law

Toward the end of summer, sometimes by late August, hawks begin their annual migration southward through Pennsylvania. Some hunters have in past taken advantage of the hawks by shooting them indiscriminately as they soared through mountain passes, availing themselves of helpful air currents, reminds the Weekly Newsletter issued by the Pennsylvania Game Commission.

It will behoove such hunters to study Act No. 43, passed by the 1957 General Assembly and made effective as of September 1 of this year. This Act amends Section 101 of the Game Law. Before revision the Law cited only the goshawk, sharp-shinned hawk and Cooper's hawk as unprotected. Act No. 43 prohibits the killing of all hawks during September and October over the major portion of northwestern Pennsylvania. This sector is described as follows:

That area west of the Delaware River and north of Route 22 from Easton to Harrisburg; bounded on the west by the Susquehanna River to and following the West Branch of the Susquehanna River to the intersection of highway Route 405; then in northeasterly direction along Route 405 to the intersection of Route 115; then in an easterly direction along Route 115 to the intersection of Route 29; then in a northerly direction along Route 29 to the Pennsylvania-New York State boundary; then in an easterly direction along the New York-Pennsylvania boundary to the intersection of the Delaware River.

The Game Commission, as the agency chiefly responsible for the observance of laws pertaining to wildlife, has directed its field men to conduct an enforcement program that will ensure full compliance with this new hawk legislation.

Dates, Bag Limits Set For Waterfowl, Coots And Snipes

Harrisburg, Aug. 26—(AP)—The state Game Commission today outlined season dates and bag limits, as set by the U. S. Fish and Wildlife Service, for hunting wild waterfowl, coots and Wilson's snipe.

Following are the season's and bag limits for wild waterfowl as declared by the federal agency and adopted by the commission.

Ducks: bag limit daily, 4 in possession, 8 after the first day. The daily bag limit may include one wood duck. Two wood ducks may be in possession after the first day, and one hooded merganser, daily or in possession, as part of the total bag.

American and red-breasted merganser are not included in the bag limits for the other ducks this year.

The limit on them is 5 a day or 10 in possession, either singly or in the aggregate.

Geese: (except snow geese); daily bag 2; possession limit 4, after first day.

Coots: daily bag and possession limit 10.

Brant: daily and possession limit 6.

The Wilson's or jacksnipe season will be from Oct. 15 to Nov. 13, inclusive; daily bag and possession limit 8.

There is no season this year on snow geese and swans.

Pennsylvania shooting hours for all waterfowl in 1957 are one-half hour before sunrise, to sunset, with two exceptions.

No hunting is allowed in the state until 8 a. m. on Oct. 19 and 26, the first days native small game may be hunted in the 1957 season.

game Thursday, were reversed in Friday's edition. It was incorrectly stated that Gelotte was winning pitcher. Dick Thompson was winning pitcher with a record of 16 and 3. Gelotte was behind the plate.

Tribe Wins Couple and Edges Up in Standings

Cleveland (AP)—The Cleveland Indians moved to within a half game of the fifth-place Baltimore Orioles yesterday by defeating the Washington Senators twice, 3-2 and 6-4.

Home runs by Gene Wooding and Al Smith gained the Indians a 2-2 tie in the seventh inning of the first game. Jim Hegan won it with his eighth inning homer.

Mike Garcia allowed only five hits and struck out seven in the opener as he posted his seventh victory against eight defeats. Cal McLish limited the Senators to seven hits in the nightcap but needed help from Ray Narleski in the ninth when Washington loaded the bases with two out.

MAN ELECTROCUTED
A 67-year-old Conewango Valley, N. Y., man was electrocuted Friday night when a pipe he, his son-in-law and another man were taking from a well touched a high tension wire. Philip Bernard, 67, was pronounced dead on arrival at Jamestown General Hospital at 9:45 p. m. His son-in-law, Edward Yokum, and Charles Keppel, who were working with him, were not injured. Coroner Frederick E. Mattison of Falconer ruled Mr. Bernard's death accidental. The coroner said the three men were pulling the pipe out of the well straight up in the air when it touched the power line, throwing all three to the ground. Obviously Mr. Bernard received most of the shock, Mattison added. The accident happened at 9 p. m. at Yokum's home.

INFANT'S BODY FOUND
A dispatch from Mayville, N. Y., says the body of a new-born baby boy, wrapped in an old black skirt, was found by three Fredonia boys on a ravine bank in the Town of Sheridan Sunday afternoon. Cause of death is expected to be determined following an autopsy at Brooks Memorial Hospital this morning, according to Coroner Theodore Morse of Brocton. The bundle was discovered as the boys were bicycling on Epileto Road about 2:30 p. m. They opened it and discovered the baby's body. Morse said the child had been dead for about two days. He said he will issue a death certificate following the autopsy. Sheriff's deputies said the body could have been tossed from a car to the ravine bank where it was found about 10 feet from the seldom used dirt road. No buildings are in sight of the area.

3,000 Watch 2nd Annual Water Ski Show at Bemus

Bemus Point — Nora Smith, a 13-year-old aquatic lassie whose winning style on water skis matches her ready smile, was crowned Water Ski Queen of 1957, Sunday afternoon, at the Second Annual Water Ski Show in the Bemus Point waterfront before an estimated crowd of over 3,000 spectators.

Miss Smith, whose home is in Pittsburgh, Pa., and summers in Maple Springs, found the competition stiff despite the rather small entry field. Her closest rival was Jackie Gamble, 10-year-old daughter of Mr. and Mrs. William Gamble of Bemus Point, whose pyramid demonstration was one of the finest of the day. All four girls who competed for the crown worked out their own routines.

Rounding the new queen's court were Sally Gestner of Cleveland, Ohio and Debbie Boyle of Bradford. Miss Smith was officially crowned as queen of the 1957 show by her predecessor 1956 queen Connie Britt of Cleveland.

Among the other top acts of the afternoon were sterling jumping and pyramid acts, led by an excellent demonstration of a difficult situation. Gil Randall of Jamestown and Falconer Jones, Jr., showed how it's possible for two riders to stay on a single slalom ski.

New Record Set in Lake Chautauqua Swim

More than 200 swimmers took off like a herd of turtles Saturday in the annual Conquer Lake Chautauqua Lake contest and when the churning had stopped nine of ten existing records had been shattered, with much of the credit going to ideal, calm swimming conditions.

As expected, world record holder George Breen of Cortland State set a new record of 22.04 minutes bettering the 26:22 mark set in 1956.
